THE GENIAL WU TING FANG.

Peking, April 30.—The Southern Viceroy recommends Wu Ting Fang, the Chinese Minister at Washington, for appointment as the head of the new Bureau of Foreign Laws. There has been strong opposition among conservative Chinese officials to Wu Ting Fang, Chinese Minister at Washington, retaining a foreign mission. Those who take this view consider that his popularity abroad is a proof that he is not sufficiently loyal to the interests of China. As a member of the Board of Foreign Laws his linguistic and legal attainments could be utilized under the eye of the Government.

## AGRICULTURAL FAIR COMMITTEE'S WORK

Success Depends Entirely On Steamship Companies.

WITHOUT THEIR HELP NOTHING CAN BE DONE

Hotels Will Also Have to Make Suitable Rates—Fiesta Would Be Great Mistake.

The committee in charge of the Merchants' Day proposition discussed at the last meeting of the Merchants' Association, is hard at work trying to make arrangements so that they will be able to report favorably at a meeting of the organization to be held on the 15th inst.

One of the members has been assigned the work of conferring with the Jockey Club for the purpose of arranging for races to take place during the season of the merchants' doings in the city. Another member has been assigned the work of consulting with the steamship companies with reference to reduced rates from island ports and still another has charge of the work of conferring with the Commissioner of Agriculture and Forestry with reference to the agricultural phase of the scheme. Progress has been made along all these lines, although the members of the committee are not yet ready to report definitely on any arrangements.

W. W. Dimond, one of the members of the committee, was seen today, and in answer to a number of questions, replied as follows:

"We have no intention whatever of arranging for a 'fiesta' as has been suggested. Such a thing would be foolhardy for we haven't the money to be able to undertake a celebration of the kind. A fiesta would cost an immense amount and we do not feel that we can afford it at the outset.

"What the merchants propose is that

## JUSTIFICATION PLEA

HENDRICKS WAS ADVISED BY ATTORNEY GENERAL

Wah Lee Not Satisfied With What Jury Gave Him—Estate of Late George Houghtaling.

Wah Lee is not satisfied with the amount of the verdict given him against Manuel Correa. By his attorneys, Magoon, Dillon & Lightfoot, he has appealed from the verdict on the ground that it was excessively small and contrary to the law and the evidence.

H. E. Hendricks by his attorney, Frank E. Thompson, has made an answer to the complaint of J. C. Axtell, who is suing him for \$10,000 damages. He admits that he charged the plaintiff with embezzling \$600, but denies that the charge was entered against plaintiff falsely and maliciously and without probable cause. Further, he says that the charge was entered against the plaintiff upon the advice of E. P. Dole, Attorney General of the Territory of Hawaii, after a full, true and complete representation of the facts and circumstances of the alleged conversion of said six hundred dollars. Everything else in the complaint is denied.

Rebecca Houghtaling, widow, petitions that letters of administration on the estate of her late husband, George Houghtaling, be issued to P. Danson Kellett Jr. The value of the estate is given as \$7000, of which \$2300 is personal property in stocks, etc.

## TAMPERED WITH BOX

Suga, a Japanese, bumped up against a watchful police officer at the corner of Nuuanu and Beretania streets last night, much to his sorrow. Suga had been out to a Japanese entertainment and while there had taken more than his share of the sake that was laid out for the guests.

On his way home, the defendant saw a fire box and the light shining on the nickel of the handle attracted his attention. He grasped the handle and opened the box but did not get as far as turning in the alarm, for a native police officer was right at his back and the Japanese was hustled off to the police station.

In the Police Court, he stated that he was drunk, but that he believed he had taken hold of the handle and opened the box. The "shine" of the light on the nickel was what attracted his attention. Judge Wilcox said he would fine the defendant just \$10 shiners and costs, and warned him that he had better not tamper with fire alarm boxes in the future.

## FROM GARDEN ISLE.

The steamer Waialeale, Captain Plitz, arrived in port at 5:55 o'clock this morning from Anahola, Kauai, with 3354 bags of M. S. Co.'s sugar. Purser Stiel reports fair weather on the Garden Isle, light northeast winds and moderate seas in the channel and 120,349 bags of sugar awaiting shipment on Kauai. He also reports the W. G. Hall at Ahukini, the Iwaland at Hana, the Ninau at Waimea and the bark Edward May at Makaweli with 5000 bags of sugar aboard. The Waialeale sails again for Anahola at 4 o'clock this afternoon. She takes no freight. In and out of port the same way is the way the Waialeale is now doing business.

## POKINI ADMITS.

Pokini appeared in the Police Court this forenoon on the charge of larceny in the second degree, it having been alleged that he stole a number of the iron weights from the windows of the City Mill Company's mill. The native was told that he could not be tried in the Police Court and that he would have to go before a jury in the Circuit Court. Notwithstanding this information, he stated that he was guilty of the charge. Judge Wilcox committed the man to the Circuit Court and informed the Deputy Sheriff that his bail was a hundred dollars.

## DIRIGO AT LAST

One hundred and four days from Hongkong, the American ship, Dirigo, Captain Goodwin, arrived off port this afternoon, having been sighted twenty miles off about 9 o'clock this morning. She has been posted as overdue in San Francisco and re-insurance rates have been quoted at 10 per cent.

The band will give a concert this evening at the usual time on the grounds of the Hawaiian hotel. This concert has been specially prepared in honor of Frederick Ward, the famous tragedian now playing in the city.

## NATIVES AND MONARCHY AND GOVERNOR DOLE

New Haven, April 25.—Governor Sanford B. Dole, of the Hawaiian Islands, was the guest of the Hawaiian Club of Yale, today. Governor Dole was on his way to Boston. H. P. Judd, the secretary of the Yale Hawaiian Club, is the son of Chief Justice Judd of the Islands, who was an old Yale man. Governor Dole was accompanied by his niece, Miss Clara M. Dole, speaking of the condition of the Islands. Governor Dole said: "We are looking forward to the fall elections in the Islands with great interest. The Home Rule party is clamoring for a special session of the Legislature in order to do something. They profess to intend to try to revive the monarchy, but I do not believe they have any idea of doing this."

## COHEN HAS RESIGNED

BASEBALL LEAGUE MEETS AND TALKS ON UMPIRES

Another Meeting This Afternoon to Decide Question—One Umpire System Favored By Majority.

A meeting of the Baseball League was held yesterday afternoon for the purpose of attending to various matters of importance with respect to the coming baseball games. There was a very satisfactory attendance. President Chillingworth was in the chair.

The resignation of J. C. Cohen as manager of the League was read. In it the writer said that he did not wish to be ball-chaser and but carrier. He had understood in the beginning that he was to be business manager but since this was not the case, he did not care to be any longer connected with the league. However, he desired to assure the league of his hearty cooperation in any matter which might work for the good of baseball in the city.

The resignation was accepted and a vote of thanks tendered Mr. Cohen for work already done by him.

The subject of umpires was also brought up at the meeting and it seemed to be the almost unanimous opinion of the members present that one umpire for each game would be sufficient. This opinion was the result of the excellent work of Lieut. Newton of Camp McKinley during the second game on Saturday last.

It was the sense of the meeting that Mr. Bailey, the man who has charge of athletics at Oahu College, be asked to attend to the grounds and to keep them in good shape for the games that take place on Saturday. The president was empowered to see Mr. Bailey and to make arrangements.

There will be another meeting at the same time and place this afternoon at which time the matter of umpires for the games will be decided on and the report of the president with respect to the care of the grounds at Punahou, heard.

The baseball league by its quick action in various matters affecting baseball in the city has shown interest that is being commended on all sides and that promises to give Honolulu the best season of games it has seen for many years.

## CABLE LANDING

S. S. Dickenson, representative of the Mackay Cable Company, called on Governor Cooper yesterday afternoon. Superintendent of Public Works Boyd and Surveyor General Wall were called in and a conference on the subject of the cable landing here was held. Maps showing the island of Oahu with the city of Honolulu indicated thereon, in detail, were used and three possible landing points—Waialeale, Diamond Head and Waikiki Beach near Sans Souci—were picked out as possible sites. Mr. Dickenson was assured by the Territorial officials that he would be given all the aid in their power in the matter of carrying on the work of the cable company at this end of the line.

Surveyor General Wall went out with Mr. Dickenson this morning to view the different points indicated at yesterday's conference as possible places for the landing of the cable and the two are still out this afternoon. Mr. Dickenson will very probably choose from one of the three sites mentioned.

## BUSHNELL FAMILY JAR

OPINIONS DIFFER ON THEATRE PROPOSITION

Husband Refuses His Wife Permission To Go To Orpheum—Hackman In the Case—Wife Is Unreconciled.

Louis Bushnell appeared in the Police Court this forenoon on the charge of assault and battery on his wife last night. He pleaded not guilty and was defended by Attorney Leon M. Straus.

The wife was the first witness to take the stand. She said that upon the return of her husband after work last evening, she had told him that it was her intention to go to the Orpheum theater. She had tickets. The witness went on to say that her husband thereupon became very angry and refused to allow her to go. Further than that, he struck her three times and felled her to the bed.

The daughter of Mr. and Mrs. Bushnell, a young lady about eighteen years of age, was the next witness for the prosecution. She stated that she had witnessed the trouble between her father and mother. Having gotten this far, she started in to weep and the remainder of her testimony came in gasps. She said that her father had struck her mother. After having made this statement, she was excused by both the prosecution and the defense.

When Bushnell himself took the stand he told an altogether different story. He said that he had worked later than usual yesterday and did not arrive home until about 6 o'clock. He had been in the habit of having his dinner at about 6:30 o'clock but upon his arrival home he found that there was nothing to eat and was met by the announcement from his wife that she intended going to the Orpheum.

This made him angry as his wife had been in the habit of going to the theater on an average of from two to three times a week. He told her that she and his daughter should not go. He had had enough of that kind of thing. She began to swear at and call him all manner of vile names and he told her to keep quiet. The more he did this, the louder became her shouting and finally, angered beyond control, he struck her once or twice. He had been working hard all day long, had come home tired and hungry and had found no dinner. On the other hand his wife had stated that she wished to go to the Orpheum.

He was under the impression that a certain hackdriver of the city was the one who was furnishing his wife and daughter with the tickets to the theater. He was sure that the money did not come from him.

Judge Wilcox asked both the parties before him and asked the woman if she wished her husband punished. She replied that she did not know but it could be readily seen that she was still smarting from the blows her husband had given her. She showed absolutely no spirit of reconciliation and the defendant was found guilty and sentenced to pay a fine of \$10 and costs.

Bushnell is a hard working man and is well liked among his fellow laborers. He is not a quarrelsome fellow and usually attends to his own business. He stated in the Police Court that he lost his temper and he evidently did but he stated positively that tickets to the Orpheum were being furnished his wife and daughter by a certain hackman and there is a probability that the assault and battery case is not the last that will be heard of the trouble.

## NO LONGER EXISTS

Frank Cabral was arrested yesterday on the charge of assault and battery on Mrs. de Rego at a place on Miller street yesterday afternoon. The woman's little boy had complained to the mother that Cabral had beaten him. The mother, very much incensed, called the Portuguese to time and trouble resulted. The boy when questioned by the man, replied that he had not been knocked down but that he came very near it. Mr. de Rego thereupon said that Cabral was the one who should be slapped and she at once administered what she believed he deserved. Cabral slapped back and then went into his house.

The case came up for trial in the Police Court this forenoon and after quite a long trial the defendant was discharged. Judge Wilcox remarking to the complaining witness that whenever she had a complaint of the kind to make she should call at the police station and have a warrant sworn out against Cabral for assault and battery on her son instead of undertaking the task of chastising the man herself. She had evidently been looking for trouble and had happened to find it.

Opticians say that more eyeglasses are broken in hot weather, caused by perspiration loosening their grip on the nose.

Nicely furnished rooms, Popular House, 1249 Fort St., \$1.50 per week up.

## HARD NUTS TO CRACK.

—Minneapolis Journal.

## HALF A DOZEN OUTWARD BOUNDERS

There will be six vessels less in the harbor tonight than there were this morning. Today is a busy one for the tug Fearless.

The bark Haydn Brown, Captain Asplund, for the Sound in ballast, was towed out about 9:30 o'clock this morning. Less than an hour later the Fearless had hold of the bark Nuanuu and was taking her outside. Then followed the British ship Ellen A. Read, about noon. The Fearless then towed the ship Dirigo from Hongkong into the harbor and this afternoon the tug is to take the schooner Transit, the German ship Paul Isenberg and the big steel American ship Arthur Sewall to sea.

The Haydn Brown, the first to leave port, arrived here on the 29th of last month with coal from Newcastle. The bark Nuanuu, Captain Josselyn, arrived here on the 18th of April after a splendid voyage around the Horn from New York in 112 days, the best record for several years. She goes to Kahului to complete loading sugar for New York.

The British ship Ellen A. Read arrived here on March 4 from Manila in distress. She goes up the Sound to load lumber for Europe. Captain McQuarrie was accompanied by his two daughters when he arrived here. The young ladies went up to the Coast in the Ventura the other day. From San Francisco they will go to Boston, their home.

The schooner Transit arrived here on April 29 with coal from Newcastle. The German ship Paul Isenberg came to port on April 14 from Bremen. The Arthur Sewall, which goes to New York with about 5000 tons of sugar from Hogo, Japan. Six sailing vessels leaving port in one day is something that does not happen every day here and the waterfront was busy this morning.

Ship chandlers, harbor masters, pilots, shipping masters and shipping men (Mrs. Turk and Mrs. Lewis) were all business and no play this morning, but Captain Brokaw of the tug Fearless was, perhaps, the busiest man of all. His work was only half done at noon, three of the outgoing vessels waiting to be towed out this afternoon.

The weekly edition of the Evening Bulletin gives a complete summary of the news of the day.

## PORTO RICAN TALKS IN COURT

Asks That His Sentence For Stealing Be Deferred.

MORE JURORS CALLED BY JUDGE ROBINSON

Judge Gear Discovers Clouded Title in Minor's Estate --- Several Hearings By Judge Humphreys.

Jose Maria Ortiz, convicted of larceny, second degree, was sentenced by Judge Robinson this morning to imprisonment at hard labor one year. The court remarked that an offense committed at night, when peaceable and law-abiding citizens should be in bed, was regarded as calling for greater punishment than the same offense committed in the daylight. Besides a plea for leniency made by Mr. Watson, the prisoner had something to say why sentence should not be passed upon him. If the court took time to write to Porto Rico before passing sentence, the Governor would assuredly send back a testimonial to his good character. Judge Robinson, however, informed him that if events proved he was other than the jury found him executive clemency ought to come to his relief.

Malia was put on trial for a social crime, and J. L. Kaulhook appeared for him, Assistant Attorney General E. A. Doubtful prosecuting. The following jurors were accepted: Wm. H. Thompson, C. K. Quinn, L. D. Timmons, J. W. Akana, James Bicknell, H. J. Mosman, A. D. Larnach, Jos. Richards, F. J. Church, H. G. Wooten, Chas. Dickerson and F. P. McIntyre.

C. S. Holloway and A. S. Prescott were excused from the jury panel for the remainder of the term, and the
